

## Patent Preparation and Prosecution Services

Secure your patents with Patent Preparation and Prosecution Services. Because cost matters. And timing is everything.

When your invention is market-ready, being first to file a patent application is crucial. That's where we come in. As technical experts, we understand the value of your intellectual property. And as IP experts, we know how to get the protection you deserve. Securing patents in key markets takes global expertise. Time-consuming and costly? Not anymore.

### Timing is everything.

See what we have to offer, expert to expert.

- Low cost
- Fast turnaround
- Consistent style
- Expert service
- Quality results
- Flexible options

### Achieve more in less time

Forget the learning curve. We're up to speed on your technology, putting us a step ahead when it comes to drafting your patent application. And when you need to respond to office actions, we handle that too. That's why you can count on us to:

- Assemble a team of **highly skilled experts** in your technology
- Fill missing gaps and address potential issues, **saving you time**
- Draft a **thorough application** that firmly stands up to review at the USPTO, PCT and EPO
- Prepare **new arguments and strategies** in response to office actions

So you can file and prosecute your patent with confidence, and minimal effort.

## High quality, low cost

Think low cost can't mean high quality? Think again. As a multi-shore service provider, our expertise isn't limited by geography. Fast turnaround and low cost, without sacrificing quality—that's our hallmark.

- **Highly skilled experts** produce efficient results
- **Multiple quality checkpoints** ensure issues are identified early and resolved quickly
- **Trusted multi-shore service** puts money back in your pocket
- **Client-centric playbook** keeps everyone on the same page
